tr, 28 rugs. 2011 23:54:00 GMT - “American Nations by journalist-historian Colin Woodard is a superb book. Woodard makes a compelling argument that the United Sates was founded by contradictory regional convictions that continue to influence current attitudes and policy on a national level. . . . American Nations smashes the idea of political borders. . . . There is much to ...

American Nations by Colin Woodard - Penguin Random House -

tr, 05 birž. 2019 03:16:00 GMT - Reading the reviews of this book on goodreads I am struck by how little people know about American history, and that is, the American continent, not the false association of America as the United States. The fact is that the thesis presented in American Nations is not really a very innovative concept, but more of a nuanced one.

The American Nations | Download eBook PDF/EPUB -

- In American Nations, Colin Woodard leads us on a journey through the history of our fractured continent, and the rivalries and alliances between its component nations, which conform to neither state nor international boundaries. He illustrates and explains why “American” values vary sharply from one region to another.
